To read this Schedule:

1. Find your team number
2. Look what net you are scheduled on
3. Look what number game you are playing on your net

If you are 6:00 start, you will START at 6. Be sure you arrive with enough time to warm up!

If you are "Approx" 6:30, it means there is a game playing before you and you will start AS SOON as that game finishes. DONT BE LATE!

Forfeits will be declared 10 minutes after start time was supposed to be. If your team is not at the net be sure to come to the table so I can start the 10 minute timer! This is important or we will run out of daylight
